BSC in SWE

Daffodil International University

CGPA: 3.3 / 4.0

PROFILE

Resourceful Virtual Assistant with experience in website management, content updates, and e-commerce product uploads. Skilled in meeting deadlines with accuracy and efficiency. Strong WordPress, Elementor, Gutenberg and WooCommerce background enables me to support daily tasks while also contributing to website design, customization, and optimization.

- Designed and launched custom WordPress websites for clients in education, e-commerce, and services sector.
- Implemented responsive and mobile-first designs using Elementor and custom CSS.
- Managed site performance optimization, SEO setup, and ongoing client maintenance.
- Assisted agencies and businesses with content uploads, e-commerce product listings, and website management tasks, ensuring accuracy and timely delivery.

SWOT Analysis

Strength

- Deadline-driven
- Adaptable to diverse client needs.

Opportunities

- Demand for multi-skilled VAs with web skills.

Weaknesses

- To build client trust, I often work on a post-work payment basis.

Threads

- Working with post-work payments has sometimes led me to unwanted experiences.
